Reference: Information Request – Phase I Property Assessment

Dear Ms. Rzeznik,

Geotechnical Consultants, Inc. (GCI) is currently performing an environmental assessment under Ohio EPA Voluntary Action Program guidelines on the Trautman and Hub Savings & Loan buildings (a.k.a The Annex at River South II Property) located at:

- 203-213 and 221 S. High St.
Columbus, Franklin County, Ohio 43215

We are reviewing regulatory databases as part of the assessment, focusing on potential releases of hazardous substances and/or petroleum products. We are requesting a search of any relevant databases under your supervision to determine if potential releases have or may have occurred. We understand that you may charge a nominal fee for recovery of this information, and agree to pay these charges provided that services are completed within 21 days and costs do not exceed \$20.00.

If you have any questions or need for additional information from GCI, please do not hesitate to call. My direct telephone number is 614-839-1259, or I can be reached by email at mkaminski@gci2000.com. Thank you very much for your assistance with this request.

Sincerely,
Geotechnical Consultants, Inc.

Matthew R. Kaminski, EP
Senior Project Manager - Environmental Services
